Chief, FBIB

Report dated 16 September 1948
from [] to Chief, FBIB

25X1

1. Receipt of your report dated 16 September 1948, subject:
"Sausalito Trip" is acknowledged.

2. Following receipt of bidders' estimates by the Army Engineers and final determination of contract award, it may prove feasible for this office to redetermine requirements for bachelor and family type quonset huts for the Okinawa project.

3. It is contemplated that [] after consultation with this office, will reach a decision as to the desirability of constructing a quonset garage or additional housing facilities if it should become apparent after construction has started and final costs can be accurately foreseen, funds allocated for this project will not be completely expended. In the event that it becomes possible to construct a garage or additional housing facilities with available unexpended funds, the necessary instructions to the Army Engineers will be issued by [] through you.

25X1

4. It is planned that [] will visit the West Coast Bureau prior to your departure for Tokyo, and at this time he will make a final check with you of the plans for the Okinawa project.
